

Lanopro Coil 70-10 G

Coil Coating

Product Data Sheet - 2010.12.06

DESCRIPTION

Lanopro Coil 70-10 G is a light brown, oily coating which is completely non-toxic and does not create an environmental footprint. It is a premium grade coating designed for maximum protection against degradation and corrosion of the steel. The product forms a thin protective shield which protects against harsh conditions and corrosion. The coating will not crack or peel, and will prevent mildew while offering unbeatable weather-proof protection and excellent resistance under the most demanding water conditions.

Physical and Chemical Data

Analysis	Method	Unit	Results
Form			Thin Liquid
Viscosity at 40°C			42.28 cSt
Density at 20°C		kg/m ³	921.1
Flash Point		°C	288
Colour			Light Brown
Odour	Nose		None or little

The product is non-toxic and has no negative environmental impact. It is approved for use in marine environments by Harmonized Offshore Chemical Notification Format (HOCNF). Use normal protective goggles to protect eyes. It is not necessary to take any special precautions for workers that use this product. See Material Safety Data Sheets (MSDS) for more information.

Handling

- **Storage** Storage temperatures (0°C to +40°C)
- **Packaging** 20L - 196L drums and 1000L IBC tank. Bulk on request.
