

Lanopro Maintenance fluid 70-01 G

LanoPro

Degreaser

Product Data Sheet - 2010.12.06

DESCRIPTION

Lanopro Maintenance fluid 70-01 G is a completely sustainable, non-toxic, all-natural, industrial-strength lubricant, penetrant and anti-corrosive fluid.

Lanopro Maintenance fluid 70-01 G protects metal from rust and corrosion, penetrates stuck parts, displaces moisture, and lubricates just about anything. Lanopro Maintenance fluid 70-01 is also great when it comes to cleaning grease, grime, and other marks from most surfaces, but not at a cost of the health or the environment.

Lanopro Maintenance fluid 70-01 is made up of 100% active ingredients - no filler. And because the pump-spray bottle can be refilled with our bulk fluid, there's way less waste.

APPLICATION

Apply on the surface, part, equipment or other, that needs lubrication, rinse or protection. Wipe of spill. Lanopro Maintenance fluid 70-01 G is easy to use in spray or applied by brush or cloth. The application areas is almost without limits.

Physical and Chemical Data

Analysis	Method	Unit	Results
Form			Thin Liquid
Kinematic Viscosity 40°C			4.7 mm ² /s
Ambient Temp. Range		°C	-10°C/+80°C
Flash Point		°C	>130°C
Copper Strip Corrosion	ASTM-D4048		1a

The product is non-toxic and has no negative environmental impact. It is Readily Biodegradable and non-flammable, voc-free and mineral-oil free.

Use normal protective goggles to protect eyes. It is not necessary to take any special precautions for workers that use this product. See Material Safety Data Sheets (MSDS) for more information.

THE NUMBERS

80% Less Waste

0% Hazardous

100% Active Ingredients

100% Renewable

100% Non-Toxic

Handling

- **Storage** Storage temperatures (-10°C to +40°C)
- **Packaging** 0.5L Spray pump - 5L Plastic can. Other sizes on request.
