

# Lanopro Metal Polish 80-05 G

Cleaning and protecting

Product Data Sheet - 2010.12.06

## DESCRIPTION

**Lanopro Metal Polish 80-05 G** is a polish and protection product with excellent penetration and cleaning properties. It is an all-around products formulated for frequent use in harsh and heavy-duty conditions. Specifically made for protection and cleaning of stainless steel. The product will dissolve stains of dirt or other impurities and leave a thin protective shield. Suitable for cleaning, maintenance, and industrial work (workshops, cranes, truck and automobile industry). It will also clean and protect aluminium. Also suitable for other open applications where it is necessary to get a clean and protected surface. It is recommended to do a test when using the product on surfaces not mentioned here.
