

Lanopro Maintenance fluid 70-01 G

Degreaser

Specification Sheet - 2010.12.06

DESCRIPTION

Lanopro Maintenance fluid 70-01 G a completely sustainable, non-toxic, all-natural, industrial-strength lubricant, penetrant and anti-corrosive fluid. Designed for this generation, this product keeps things running, well and smoothly without all that aerosol. We just figured customers like their products to not only get the job done, they don't want it done at a cost of their health or the environment. We also thought they wouldn't mind saving some money, so it is made up of 100% active ingredients - no filler. And because the pump-spray bottle can be refilled with our bulk fluid, there's way less waste on top of it all.

APPLICATION

Apply with a suitable spray equipment or a soft bristle brush or broom. The oil can be used on both wet and dry surfaces. Coverage rates will vary depending on porosity of surface as well as speed of the application.

PHYSICAL PROPERTIES

The product is non-toxic and has no negative environmental impact. It is Readily Biodegradable and non-flammable, voc-free and mineral-oil free. Use normal protective goggles to protect eyes. It is not necessary to take any special precautions for workers that use this product. See Material Safety Data Sheets (MSDS) for more information.

THE NUMBERS

80% Less Waste
0% Hazardous
100% Active Ingredients
100% Renewable
100% Non-Toxic
