

# LanoPro Multi Cleaner EF-101

Heavy Duty Cleaner / Degreaser

Product Data Sheet - 2022.08.16

CLEANING

EAL  
APPROVED

SPECIAL  
APPLICATION

2065 0017

## DESCRIPTION

**LanoPro Multi Cleaner EF-101** is a moderately alkaline microemulsion in liquid form.

## COMPOSITION

Alcohol ethoxylate, Alkyl glucoside, 2-(2-Butoxyethoxy)ethanol, Tetrapotassium pyrophosphate, Caustic potash.

## APPLICATION

**LanoPro Multi Cleaner EF-101** is developed to clean/degrease production facilities and equipment. Approved for offshore use to clean drilling- and pipe deck.

## INSTRUCTIONS

Dilution 1:5 with water, depending on the degree of soiling. Let it work for 2-10 minutes depending on impurity. Cleaning water temperature should not exceed 35 °C. In cold water the work time must be increased. Should not be dried on the surface.

## Technical Data

Properties	Typical Values
pH concentrate	11,3
pH 20 % solution	10,9
Solubility	Complete soluble in water
Specific gravity	1000 kg/m <sup>3</sup>
Viscosity	Like water
Foam ability	Medium foaming
Incompatible materials	None known
Reactivity	Avoid contact with acids
Flash point	>100°C
Colour	Transparent

## ENVIRONMENT

The product contains only readily biodegradable substances. The surfactants contained in this preparation comply with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on detergents. Nordic Swan labeled according to the ecolabelling requirements for industrial cleaners. HOCNF approved. See safetydatasheet for more information.

## PRECAUTIONS

The product causes serious eye irritation. In case of contact with eyes, rinse immediately with water and seek medical advice. Wear suitable gloves and eye/face protection.

## STORAGE

Store in closed original container in a dry, cool and well-ventilated place. Protect from frost. Stable for at least a year.

## PACKAGING

25L Can - 200L Drum - 1000L IBC

ID No - D 100 195:5
