

LanoPro Turbo Cleaner EF-103

Heavy Duty Cleaner / Degreaser

LanoPro

Product Data Sheet - 2022.08.16

CLEANING

SPECIAL
APPLICATION

DESCRIPTION

LanoPro Turbo Cleaner EF-103 is a low aromatic degreaser with emulsifier.

COMPOSITION

Aliphatic hydrocarbons, Alcohol ethoxylate, 2-(2-butoxyethoxy)ethanol.

APPLICATION

LanoPro Turbo Cleaner EF-103 is developed to degrease within automotive, industry and agriculture. Effectively solves asphalt, oil, fat and fat deposits.

INSTRUCTIONS

Do not dilute with water. Let it work for 1-5 minutes depending on impurity. Flush with plenty water. Repeat if necessary. Should not be dried onto the surface.

Technical Data

Properties	Typical Values
Solubility	Emulsifies with water
Specific gravity	800 kg/m ³
Viscosity	Like water
Foam ability	Low foaming
Incompatible materials	None known
Reactivity	Avoid contact with acids
Flash point	~80°C
Colour	Clear

ENVIRONMENT

The product contains only readily biodegradable substances. The surfactants contained in this preparation comply with the biodegradability criteria as laid down in Regulation (EC) No. 648/2004 on detergents. HOCNF approved. See safety datasheet for more information.

PRECAUTIONS

The product causes serious eye irritation. In case of contact with eyes, rinse immediately with water and seek medical advice. Wear suitable gloves and eye/face protection.

STORAGE

Store in closed original container in a dry, cool and well-ventilated place. Protect from frost. Stable for at least a year.

PACKAGING

25L Can - 200L Drum - 1000L IBC

ID No - D 100 201:2
